

Project CLEANS Wildlife Monitor Scope of Work

In support of Saskatchewan Research Council (SRC) staff, consultants and contractors, a wildlife monitor is needed to travel to remote isolated areas to proactively protect field crews from the risk of wildlife encounters. The primary areas of operation are in northern Saskatchewan, the Athabasca region in proximity to Uranium City. Secondary areas include Northwest Territories, Yukon and Nunavut.

The wildlife monitor must be self-sufficient in their duties and possess all necessary equipment to safely facilitate the scope of work including, but not limited to, firearms, ammunition, bear spray, satellite communication devices, steel-toed/shanked boots and clothing.

DUTIES

- Creating procedures, filing incident reports and performing checks to ensure conformity in inspecting work areas for signs of wildlife
- Routine patrolling, providing direction and overseeing work tasks in wildlife-sensitive areas
- Tracking wildlife sightings and reporting observations

ELIGIBILITY

- Minimum two years relevant experience in wildlife/environmental field work
- Valid PAL (Possession and Acquisition Licence) and Hunter Safety certificate
- First Aid & CPR training, with Wilderness & Remote First Aid preferred
- Bear awareness training, predator defence or equivalent
- Clean criminal record
- Must be insurable for \$2 million general liability policy
- Must be in good physical condition and able to walk long distances while carrying equipment
- Comfortable working in and flying to remote northern locations via helicopter and/or smaller fixed-wing aircraft
- Comfortable piloting boats and driving ATVs
- Able to communicate well in English
- Cultural awareness, sensitivity and an understanding of work in the Canadian North

HOW TO APPLY

Please provide the following information in your proposal:

- Hourly and/or daily rate, and what the rate includes
- Additional travel costs to Saskatoon and/or Uranium City
- Percentage margin on disbursement not covered in rates

The wildlife monitor will be on an on-call basis with a minimum of five business days to respond. Any work provided will be over a minimum three-day period.

Proposals can be sent to SRC by fax at 306-933-5448 or cleans@src.sk.ca.
